## Spring Musical Theater Commitment Contract

Each cast member is vital to the successful production of a musical theater production. Unfortunately, there are only so many lead roles and I must cast each student according to the skill and experience they have so that blocking and rehearsals run smoothly. Students cannot drop out of Musical Theater once blocking has begun (after 3<sup>rd</sup> week of rehearsals).

By completing this contract, I am committing myself to attending all rehearsals regardless of the role I am cast, performing it to the best of my ability, and showing enthusiasm and respect to all cast members and the directors during rehearsals.
